RCTT BELARUS

Republican Centre for Technology Transfer

PROMOTION OF COOPERATION BETWEEN DEVELOPERS, ENTREPRENEURS AND INVESTORS

The Republican Centre for Technology Transfer (RCTT) was founded in May 2003, under the aegis of **the State Committee on Science and Technology of the Republic of Belarus (SCST), the National Academy of Sciences of Belarus, the United Nations Development Programme (UNDP) and the United Nations Industrial Development Organization (UNIDO).**

RCTT's mission is to promote cooperation between developers, entrepreneurs and investors.

Tasks set for RCTT:

- create and maintain information data bases used to serve clients in the technology transfer sector
- provide RCTT's clients access to foreign technology transfer networks
- assist innovation activity agents in development and promotion of their innovation and investment projects

Tasks set for RCTT:

- instruct and train specialists in research- and innovation-related entrepreneurship
- establish RCTT's offices across the county to create a unified national network of technology transfer centres
- promote international technical and scientific cooperation and exchange of experts.

RCTT's structure

RCTT is a consortium that includes:

- **headquarters in Minsk**
- **5 regional offices and 30 branch offices at research organizations, higher educational institutions and enterprises of the Republic of Belarus, representatives in 80+ organizations of the NAS of Belarus**
- **2 overseas field offices in China.**

RCTT signed agreements on cooperation in the field of technology transfer with 111 foreign organizations in 24 countries:

Armenia (3), Azerbaijan (2), China (35), the Czech Republic (2), Denmark (1), Germany (4), Georgia (1), India (2), Iran (1), Italy (1), Jordan (1), Kazakhstan (6), Lithuania (1), Moldova (1), Poland (3), Russia (26), South Africa (1), South Korea (4), Sweden (1), UK (2), the USA (3), Ukraine (7), Uzbekistan (1), Vietnam (2).

RCTT cooperated (cooperate) with following technology transfer networks:

1. UNIDO Exchange (2003)
2. Russian Technology Transfer Network RTTN (2004)
3. yet2.com (2005)
4. The Business Across Borders Partnership Network (former Orchard Network, UK) (2005)
5. Knowledge Transfer Networks (former DTI Global Watch Service) (2006)

RCTT cooperated (cooperate) with following technology transfer networks:

6. International Centre for Scientific and Technical Information Network (2009)

7. AUTM (2012)

8. Network of Autonomous non-profit organization "Innovation center Koltsovo" (Russia) (2013)

9. National Technology Transfer Network (NTTN, Ukraine) (2013)

RCTT cooperated (cooperate) with following technology transfer networks:

10. Platform for collective use of trade-economic and scientific-technical cooperation between China and the CIS countries (2013)

11. Enterprise Europe Network (EEN) (2015)

12. Innoget - Open Innovation and Science Network (2017).

RCTT cooperated (cooperate) with following technology transfer networks:

13. Technology transfer platform of the Skolkovo Foundation - Sk RnD Market (2023)

14. Digital platform the National Association of Technology Transfer (Russia) - National Window of Open Innovation (2023)

15. China-SCO Technology Transfer Center (2024)

Services provided by RCTT to subjects of innovative activity in Belarus in search for partners and investors nationally and abroad:

- assistance in the preparation and publishing information about projects in the form of technology offers/requests, business offers/requests and R&D requests on the Internet portal of RCTT https://www.ictt.by, the open innovation and technology scouting services company yet2 https://www.yet2.com, the Technology transfer platform of the Skolkovo Foundation - Sk RnD Market https://rnd.sk.ru, the Digital platform the National Association of Technology Transfer (Russia) - National Window of Open Innovation https://digital-natt.ru and and information resources of 100+ foreign partners

Services provided by RCTT to subjects of innovative activity in Belarus in search for partners and investors nationally and abroad:

- informing about technology offers/requests, business offers/requests and R&D requests of Belarusian and foreign organizations. Helping filling out Expressions of Interests

- informing about contests/calls, relevant to scientists and entrepreneurs, and consulting on terms of participation

- informing about brokerage events, organized by RCTT and/or foreign partners, and providing assistance in participation

- informing about educational events related to technology transfer and IP management, organized by RCTT and/or foreign partners, and providing assistance in participation

Services provided by RCTT to subjects of innovative activity in Belarus in search for partners and investors nationally and abroad:

- consulting on the registration of intellectual property (IP) and the possible ways to obtain remuneration

- consulting on IP auctions and terms of participation

- consulting on IP insurance

- providing assistance in negotiations and preparation of contacts

- providing access to educational materials on technology transfer and IP management.

Services provided by RCTT to foreign companies and investors under services agreements:

- assistance in the preparation and publishing information about projects in the form of technology offers/requests, business offers/requests and R&D requests on the Internet portal of RCTT https://www.ictt.by, and information resources of 100+ foreign partners

- search of Belarusian technologies, partners and experts, providing assistance in contracts preparation and joint venture creation

- providing information about projects initiated by Belarusian organizations

- marketing research

Services provided by RCTT to foreign companies and investors under services agreements:

- expert services in the sphere of intellectual property (IP)

- consulting on IP auctions and terms of participation

- consulting on IP insurance

- organizing negotiations with Belarusian partners

- preparing individual programs for business travel in Belarus.

Information resources of RCTT

RCTT's Internet portal https://www.ictt.by in two languages - Russian and English supports online translation into more than 100 foreign languages. The Internet portal contains, in particular, the following sections:

- "Virtual Exhibition of the NAS of Belarus"

- "Catalogue of Innovation Offers by Organizations of the NAS of Belarus"

- "New partnership opportunities" show in real-time offers and requests posted on RCTT, NATT, EEN and AUTM networks

- "Catalogues"

- "Manuals"

Information resources of RCTT:

- "Technoparks of Belarus"
- "Investment and venture funds"
- "IP auctions"
- "IP insurance"
- "Legislation"
- "Online learning"
- "Education", etc.

RCTT's achievements

RCTT provides technology transfer services to state organizations, SMEs and individuals. Among its 250+ clients are the National Academy of Sciences of Belarus, the Belarusian State University, the Belarusian National Technical University, the Belarusian State University of Informatics and Radioelectronics.

RCTT's achievements

As of October 2026, the Internet portal of RCTT contains:

- **1700+ cooperation offers from NASB organizations in Russian language and 1600+ in English language**

- **45+ catalogs, presenting services and products of organizations of the National Academy of Sciences of Belarus in Russian, English and Chinese**

- **information about 280+ exhibitions, 50+ brokerage events, 240+ webinars and events in the field of intellectual property (IP) management, transfer and commercialization of technologies where organizations of the National Academy of Sciences of Belarus took part (will take part) in 2019-2026**

- **60+ educational materials in the field of IP management, technology transfer and commercialization.**

RCTT's achievements

As of October 2026, the Internet portal of RCTT provides access to:

- **1,200+ requests and proposals for cooperation from Russian organizations;**
- **5,700+ requests and proposals for cooperation from 61 member countries of the Enterprise Europe Network;**
- **30,000+ proposals for cooperation from the NASA network (USA);**
- **600+ requests from Huawei (PRC).**

RCTT's achievements

In April 2025, an AI RCTT bot was launched on the RCTT web portal; it provides context-aware answers and offers personalized recommendations based on the conversation regarding RCTT's history, activities, and services, as well as cooperation proposals posted on the RCTT network, among other topics. Users can submit inquiries to the AI consultant either in writing or verbally in 249 languages. The AI RCTT bot operates as a RAG-based assistant connected to the portal's database of documents and materials; if it cannot find an answer within its knowledge base, it utilizes generative AI to formulate a response.

On October 13, 2025, the awards ceremony for the winners of the "Artificial Intelligence Leaders of Belarus — 2025" open competition took place during the opening of the 4th International IT-Academgrad Forum, "Artificial Intelligence in Belarus". The "AI RCTT bot" solution won in the "AI Product Leader in Belarus" category, receiving a First-Degree Diploma and the "No. 1 AI Product Leader in Belarus" statuette.

To promote the use of AI tools in technology transfer and commercialization processes, the RCTT launched a dedicated section titled "Artificial Intelligence Tools for Technology Transfer and Commercialization" on its web portal in August 2026. This section allows users to explore AI tools employed by technology transfer networks and centers at various stages of technology transfer and commercialization.

On October 13, 2026, the awards ceremony for the winners of the "Artificial Intelligence Leaders of Belarus — 2026" open competition took place during the opening of the 5th International IT-Academgrad Forum, "Artificial Intelligence in Belarus“. The development by the RCTT "AI Tools for Technology Transfer and Commercialization" took third place and was awarded a diploma and a statuette.

RCTT's achievements

In 2003-2026 with the support of RCTT, more than 8500+ persons improved their skills in the filed of technology transfer at 650+ national and international events (workshops, conferences, exhibitions.
