# RCTT's achievements

RCTT provides technology transfer services to state organizations, SMEs and individuals. Among its **250+** clients are the National Academy of Sciences of Belarus, the Belarusian State University, the Belarusian National Technical University, the Belarusian State University of Informatics and Radioelectronics.

# RCTT's achievements

**As of January 2026, the Internet portal of RCTT contains:**

- **1500+** cooperation offers from NASB organizations in Russian language and **1300+** in English language
- **45+** catalogs, presenting services and products of organizations of the National Academy of Sciences of Belarus in Russian, English and Chinese
- information about **280+** exhibitions, **50+** brokerage events, **240+** webinars and events in the field of intellectual property (IP) management, transfer and commercialization of technologies where organizations of the National Academy of Sciences of Belarus took part (will take part) in 2019-2026
- **50+** educational materials in the field of IP management, technology transfer and commercialization.

# RCTT's achievements

As of January 2026, the Internet portal of RCTT provides access to:

- 1,000+ requests and proposals for cooperation from Russian organizations;
- 5,700+ requests and proposals for cooperation from 55 member countries of the Enterprise Europe Network;
- 30,000+ proposals for cooperation from the NASA network (USA);
- 600+ requests from Huawei (PRC).

# RCTT's achievements

In 2003-2025 with the support of RCTT, more than **8500+** persons improved their skills in the field of technology transfer at **650+** national and international events (workshops, conferences, exhibitions).
